

If your passport is expired, lost or damaged and you are unable to travel, you can apply for a Temporary Passport.

Before applying for a **Temporary Passport**, kindly consider all options available to you.

Temporary passports are issued for urgent or immediate travel if your passport has been lost, expired or damaged. This is to *ensure* you can travel to Belize, your nearest Belize Embassy or High Commission in London to capture your biometrics.

This is valid for one year only from the date it is issued and has 6 pages only, therefore, you will need to consider all options of travelling to capture your biometrics as soon as you can. Alternatively, if you think you will not be able to travel within that year, kindly apply nearer to the time possible.

You will need to fill out all the relevant passport application forms and provide all the supporting documents for a Temporary Passport application. You **will not need** an appointment for this passport.

There is no expedited service available but staff is aware of the urgency of these applications and are doing all they can to get this processed as quick as possible.

A Temporary passport will only be issued once to an applicant.
